Waking from a starry night in the Old West into electric light, gazing up into a blur of faces sans cowboy hats, Agnes felt someone moving a piece of ice in slow circles over her bare abdomen. Shivering as the cold water trickled down her sides, she tried to ask them why they were applying ice when she was already chilled to the bone, but she couldn't find her voice. "Let's roll 'em. out," Paul said, and he returned to the station wagon to ride shotgun beside Agnes. Junior had heard of this invention, but until now he'd never seen one. He supposed that an obsessive like Vanadium might go to any lengths, including this exotic technology, to avoid missing an important call. When Junior complained of severe thirst, Victoria explained that he was to have nothing by mouth until morning. He would be put on a liquid diet for breakfast and lunch. Soft foods might be allowable by dinnertime tomorrow. Maria Elena Gonzalez-no longer a seamstress in a dry-cleaners, but proprietor of Elena's Fashions, a small dress shop one block off the town square-joined Agnes, Barty, Edom, and Jacob on Christmas.mother's understanding of the world and of her own existence. Unlike most other toddlers, Barty was entirely comfortable with change. From bottle to drinking glass, from crib to open bed, from favorite foods to untried flavors, he delighted in the new. Although Agnes usually remained near at hand, Barty was as pleased to be put temporarily in the care of Maria Gonzalez as in the care of Edom, and he smiled as brightly for his dour uncle Jacob as for anyone. In the front seat, Edom and Jacob murmured agreement with the narrator's sentiments. Monday night, Edom and Jacob booked adjoining units in a motel near the hospital. They called Barty's room to give Agnes the phone number and to report that they had inspected eighteen establishments before finding one that seemed comparatively safe. Professing befuddlement, the galerieur led the way through three rooms to the front windows, gliding across the polished maple floors as though he were on wheels. This was pathetic. Only thickheaded fools, unschooled and unworldly, would be shaken into confession by ham-handed tactics like these. of the deceased. This memorial was modest, neither large nor complicated in design. Nevertheless, often the carvers in this line of business followed days after the morticians, because the stones to which they applied their craft demanded more labor and less urgency than the cold bodies that rested under them. Walking rather than riding was now nothing more than a matter of habit. And by walking, he could delay his arrival at a house that had grown strange to him, a house in which every noise he made, since Monday, seemed to echo as if through vast caverns. Agnes's faith told her that the world was infinitely complex and full of mystery, and in a peculiar way, Barty's talk of infinite possibilities supported her belief and gave her the comfort to sleep. Monday morning, New Year's Day, Agnes carried two suitcases out of the back door, set them on the porch, and blinked in surprise at the sight of Edom's yellow-and-white Ford Country Squire parked in the driveway, in front of the garage. He and Jacob were loading their suitcases into the car. As Celestina settled on the sofa with the phone in her lap, hesitating to dial until she worked up a bit more courage, Angel said to Tom, "So what happened to your face?" Maria said, "It is ... the only thing ... I can do for him now, for you. I be nobody, not holding hands as they watched John Wayne in The Searchers, David Niven in Around the World in 80 Days. They were so young then, sure they would live forever, and they were still young now, but for one of them, forever had arrived. An outrageously sexy redhead hit on him as he selected from an array of bomb-shaped canapes on a tray held by a waiter dressed as a ragged and soot-smeared blast survivor. Myrtle, the redhead, preferred to be called Scamp, which Junior entirely understood. She wore a DayGlo green miniskirt, a spray-on white sweater, and a green beret. Junior hoped that he hadn't been betrayed by eyeshine in the fraction of a second before he closed his eyes to slits. In the time of the kings, mages gathered in the court of Enlad and later in the court of Havnor to counsel the king and take counsel together, using their arts to pursue goals they agreed were good. But in the dark years, wizards sold their skills to the highest bidder, pitting their powers one against the other in duels and combats of sorcery, careless of the evils they did, or worse than careless. Plagues and famines, the failure of springs of water, summers with no rain and years with no summer, the birth of sickly and monstrous young to sheep and cattle, the birth of sickly and monstrous children to the people of the isles-all these things were charged to the practices of wizards and witches, and all too often rightly so. Initially, Helen Greenbaum, at Greenbaum Gallery, had taken on three canvases, and had sold them within a month. She took four more, then another three when two of the four moved quickly. By the time that she'd placed ten pieces with collectors, Helen decided to include Celestina in a show of six new artists. And now, already, she had a show of her own. The driver's door opened, shoving aside a damaged tea table, and a man climbed out of the Pontiac. In case someone was waiting in the hallway, he flushed the john for authenticity, though binding foods and paregoric still gave him the sturdy bowels of any brave knight in battle. Without excellence, of course, there would be no civilization, no progress, no joy; and Agnes was surprised that this sharp bur of her father's philosophy had stuck deep in her subconscious, pricking and worrying her unnecessarily. She'd thought that she was entirely clean of his influence. "In cases like this, the malignancy is often more advanced in one eye than the other. If the size of the tumor requires it, we remove the eye containing the greatest malignancy, and we treat the remaining eye with radiation." "You look as if you've seen a ghost," said Vinnie, and Agnes wished the threat were as simple as a restless spirit, groaning and rattling its chains, like Dickens's Marley come to Ebenezer Scrooge on Christmas Eve. She looked surprised, all right, but her expression wasn't the one that Junior had painted on the canvas of his imagination. Her surprise had no delight in it, and she didn't at once break into a radiant smile. She thought that she already knew all about humility, about the necessity of it, about the power of it to bring peace of mind and to heal the heart, but in the following few minutes, she learned more about humility than she had ever known before. Prudence required that they strategize as though Enoch Cain were Satan himself, as though every fly and beetle and rat provided eyes and ears for the killer, as though ordinary precautions could never foil him. From serviceway to alley to serviceway to street, into the city and the fog and the night, Junior ran from the Cain past into the Pinchbeck future. The birthmarked man identified himself as Detective Thomas Vanadium. He did not use the familiar, diminutive form of his name, as had the doctor, and his voice was as uninflected as his face was flat and homely. "If you're a dowser, better dowse," said Licky, coming up alongside him and looking sidelong into his face. "And if you're not, you'd better dowse all the same. That way you'll stay above ground longer." If he didn't find the Rolex and get back to his car before the reception ended, he'd forfeit his best chance of following Celestina to Bartholomew. The candlestick was gone. The pedestal on which it had stood now held a Griskin bronze so devastatingly brilliant that one quick look at it would give nightmares to nuns and assassins alike. Junior leaned forward and

slid the packet of cash across the desk, toward the detective. "There's more where this came from." Barty never cried. In the hospital neonatal unit, he'd been a marvel to the nurses, because when the other newborns were squalling in chorus, Barty had been unfailingly serene..Aware of the dangers of dehydration, he drank a bottle of water and put two half-gallon containers of Gatorade in the Suburban..The word diarrhea was inadequate to describe this affliction. In spite of the books he'd read to improve his vocabulary, Junior could not think of any word sufficiently descriptive and powerful enough to convey his misery and the hideousness of his ordeal..The words of Robert Louis Stevenson, well read, poured another time and place into the room as smoothly as lemonade pouring from pitcher into glass..After the latest concerned nurse departed, Sheena leaned close. She cruelly pinched Junior's cheek between thumb and forefinger, as if she might tear off a goblet of flesh and pop it into her mouth..She didn't hide the diagnosis from the family, but she delayed telling them the prognosis, which was bleak. Already, her bones were tender, packed full of mutated immature white cells that hindered the production of normal white cells, red cells, and platelets..Sparky wasn't a bad guy, not easily bought, and if he'd been asked to sell out any tenant other than Cain, he probably wouldn't have done so at any price. He greatly disliked Cain, however, and considered him to be "as strange and creepy as a syphilitic monkey."..Junior phoned a twenty-four-hour-a-day locksmith and paid premium post midnight rates to have the double deadbolts re-keyed..Fear of the unknown is a weakness, for it presumes dimensions to life beyond human control. Zedd teaches that nothing is beyond our control, that nature is just a mindlessly grinding machine with no more mysteries in it than we will find in applesauce..With his startling combination of a Mediterranean complexion and rust-red hair, his good looks, and his fit physique, Paul had the exotic appearance of a pulp-fiction hero. In particular, he liked to imagine that he might pass for Doc Savage's brother..During the drive, he alternated between great gales of delighted laughter and racking sobs wrought by pain and self-pity. The voodoo Baptist was dead, the curse broken with the death of he who had cast it. Yet Junior must endure this final devastating plague..Nor could she begin to imagine the nature of the disaster that had befallen him, leaving his face looking blasted and loose at all its hinges. She had last seen him at Phimie's funeral. A few minutes ago at her doorstep, she'd recognized him only because of his port-wine birthmark..As kids-living in a house that was run like a prison, stifled by the oppressive rule of a morose father who believed that any form of entertainment was an offense against God-they conducted secret card games as their primary act of rebellion. A deck of cards was small enough to hide quickly and to keep hidden successfully even during one of their father's painstakingly thorough room searches..To the window in the driver's door, Barty came with a repertoire of comic expressions, mugging at his mother, sticking one finger up his nose and exaggeratedly boring with it as though exploring for nasal nuggets. "Not scary, Mommy!"..Furious, he squeezed off two shots. Passing the living-room archway, Tom saw Jacob in the armchair, under the reading lamp, slumped as if asleep over the book. His crimson bib confirmed that he wasn't just sleeping..Heart racing, Tom produced another quarter from a pants pocket. For the benefit of the adults, he performed the proper preparation-a little patter and the ten-finger flimflam-because in magic as in jewelry, every diamond must have the proper setting if it's to glitter impressively..Deed flinched. "No reason. But I sure never did mean you or your husband any harm, Mrs. Lampion. And not your baby, either, not little Bartholomew."..Flush with the promise of their engagement, still excited by the success at the gallery, with Angel exuberant in spite of the hour and Oreo energized, he was amazed that they had made the transfer of the little red whirlwind from house to Buick to house with nothing else forgotten other than one purse. Celie called it ballet, but Wally thought that it was merely momentary order in chaos, the challenging-joyous-frustrating-delightful-exhilarating chaos of a life full of hope and love and children, which he wouldn't have traded for calm or kingdoms..Almost thirty years from the seminary--even farther from it if measured by degrees of lost innocence, by miles of rough experience Tom Vanadium set out to kill a man. Given the chance to disarm Cain, given the opportunity to merely wound him, he would nevertheless go for the head shot or the heart shot, play jury and executioner, play God, and leave to God the judgment of his stained soul..In his mind, Junior saw a quarter turning knuckle over knuckle, and he heard the maniac cop's droning voice: There's a fine George and Ira Gershwin song called "Someone to Watch over Me. " You ever hear it, Enoch? I'm that someone for you, although not, of course, in a romantic sense.. "Oh, yes, I recall it now. Polar bears eating tourists in Union Square, wolf packs prowling the Heights.".. "I suspect," Tom said, "that any job you set your mind to, you'd be as good as you are at teeth."..Simon Magusson-capable of representing the devil himself for the proper fee, but also capable of genuine remorse-visited Vanadium in the hospital, soon after learning that the detective had awakened from a coma. The attorney shared the conviction that Cain was the guilty party, and that he'd also murdered his wife..The study was the size of a bathroom. The cramped space barely allowed for a battered pine desk, a chair, and one filing cabinet..And the mills of capitalism provide them. Supply meets demand. Fantasy becomes a commodity, an industry..Toward the front of the house, along a hallway suddenly as dark as a tunnel, toward a vague light in the seething gloom. And here a window at the end of the hall..Tom proved to be more useful than either a cop or a priest to Pie Lady Services, when he discovered a talent for money management that protected their funds from twelve percent inflation and in fact brought them a handsome return in real terms..Whereas Paul had been confounded in his desire to express his admiration for Salk, he was able to speak about Perri at length and with ease. Her wit, her heart, her wisdom, her kindness, her beauty, her goodness, her courage were the threads in a narrative tapestry that Pad could have continued weaving for all the rest of his days. Since her death, he hadn't been able to talk about her with anyone he knew, because his friends tended to focus on him, on his suffering, when he wanted them only to understand Perri better, to realize what an exceptional person she had been. He wanted her to be remembered, after he was gone, wanted her grace and her fortitude to be recalled and respected. She was too fine a woman to leave without a ripple in her wake, and the thought that her memory might pass away with Paul himself was anguishing..knew Phimie died in childbirth, not an accident, and Max's instincts told him rape. I explained to your dad why Cain was the man. I wanted whatever information he might have. But I suppose ... sitting there, looking at my face, he decided that Cain is indeed the biggest hornet's nest ever, and he didn't want to put his daughter and granddaughter at greater risk than necessary."..Every distorted shape, every smear of color, every swath of light and shudder of shadows resisted her attempts to relate them to the world she knew, as if shimmering before her were the landscape of a dream..The voice had come not from the armchair in the corner, but from immediately beside the bed..No, impossible. He had killed Victoria almost a year and a half before this phone call. When you were dead, you were gone forever..Under Celestina's guidance, the menfolk-Wally, Edom, Jacob, Paul, Tom-had packed cartons of canned and dry goods, plus numerous boxes of new spring clothing for the children on their route. All those items had been loaded into the vehicles the previous evening..The quarter, surely. The one that had not been in his robe pocket where it should have been, the previous Friday.."I can talk to you," he said to Salk. "You'll understand. She was hero,

the only one I ever knew till I met you. I've read about them all my life, in pulp magazines and paperbacks. But Perri ... she was the real thing. She didn't save tens of thousands-hundreds of thousands of children like you've done, didn't change the world as you've changed it, but she faced every day without complaint, and she lived for others. Not through them. For them. People called her to share their problem, and she listened and cared, and they called her with their good news because she took such joy in it. They asked for her advice, and though she was inexperienced, really, so short of experience in so many ways, she always knew what to say, Dr. Salk. Always the right thing. She had great heart and natural wisdom, and she cared so much." "Getting her into her shoes and coat sooner than Monday required a bribe," Wally said. He pushed back the bedclothes and sat up, leaning against the pillows and headboard. "This is maybe a hard thing for you to do, but it's really important." "Yes," she assured him, though her gaze had dropped from his mouth to his hand, so small, which she held in hers. Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt. Junior suspected that no one other than this man's mother called him Tom. He was probably "Detective" to some and "Vanadium" to most who knew him. A calico cat appeared at Tom's side, running, pacing him. Cats were witches' familiars. Good luck or bad, this cat?. In the motel office, Junior paid for another night in advance. His preference in lodgings didn't run to greasy carpeting, cigarette-scarred furniture, and the whispery scuttling of cockroaches in the dark, but though feeling better, he was too tired and shaky to drive. If their relationship had not been limited to a single evening of passion, if they had not been of two worlds, if she had not been underage and therefore jailbait, they might have had an open romance, and then her death would have touched him more deeply. While the doctor proceeded with his evening rounds, the nurse remained with Junior until it was clear that the tranquilizer had calmed him and that he was no longer in danger of succumbing to another bout of hemorrhagic vomiting. As Wally got behind the wheel and closed his door, Angel said, "Mommy, where's fog come from? And don't say Hawaii." "Nah. Every secret society has a secret handshake. We'll have this instead." Her face was still close to his, and she rubbed noses with him. When you construct or reconstruct a world that never existed, a wholly fictional history, the research is of a somewhat different order, but the basic impulse and techniques are much the same. You look at what happens and try to see why it happens, you listen to what the people there tell you and watch what they do, you think about it seriously, and you try to tell it honestly, so that the story will have weight and make sense. Celebration of course, would lead to incarceration and perhaps to electrocution. With Vanadium, the maniac cop, likely to be found lurking under the bed or masquerading as a nurse to catch him in an unguarded moment, Junior had to recover at a pace that his physician would not find miraculous. Dr. Parkhurst expected to discharge him no sooner than the following morning. Being blind had few consolations, but Barty found that not being able to look at his uncles' files and books was one of them. In the past, he never really, in his heart, wanted to see those pictures of dead people roasted in theater fires and drowned bodies floating in flooded streets, but a few times he peeked. His mom would have been ashamed of him if she'd discovered his transgression. But the mystery of death had an undeniable creepy allure, and sometimes a good Father Brown detective story simply didn't satisfy his curiosity. He always regretted looking at those photos and reading the grim accounts of disaster, and now blindness spared him that regret. "Oh, it certainly is! It certainly is enough! But ... I don't regret much, you know. But I do regret not being here to see why you and Angel have been brought together. I know it'll be something lovely, Barty. Something so fine." "I'm paying," Celestina insisted when they were seated. "I'm now a successful artist, with untold numbers of critics just waiting to savage me." He paid cash to the locksmith, and included in the payment were the two dimes and the nickel Vanadium had left on his nightstand. The window was French with small panes, so Celestina couldn't simply break the glass and climb out. The full nature of the nightmare continued to elude him, but he became convinced that good reason for his fear existed, that the dream had been more than a dream. He had a nemesis named Bartholomew not merely in dreams, but in the real world, and this Bartholomew had something to do with ... babies. "And even in her dreams, you're determined to be there for her. There was a boogeyman, I have no doubt you would kick his hairy ass, and he wouldn't come around again, ever. So you just go in this gallery. Further preparation-the purchase of gold coins and diamonds, the establishment of false identities-had to be delayed due to the hives. An hour short of dawn, Junior was awakened by a fierce itching not limited to his phantom toe. His entire body, over every plane and into every crevice, prickled and tingled and burned as with fever-and itched. The musician's eyes met Junior's for an instant, widening with surprise. Obviously he knew that Gammoner was a lie. So he must be aware of Junior's real identity. Frowning at him, she said, "You don't mind them around, do you, Joey? They're eccentric, but I love them very much. Cain turned the pistol on Barty, but when Tom charged, Cain swung toward him once more. The round that he fired would have been a crippler, maybe a killer, except that Angel launched herself off the window seat behind Cain and gave him a hard shove, spoiling his aim. The killer stumbled and then shimmered. Finally he began: Greetings on this momentous day. I'm writing to you about an exceptional woman, Agnes Lampion, whose life you have touched without knowing, and whose story may interest you. When the highway passed through a sunless ravine, he had broken into a sour sweat at the sight of the bloody pulsing reflections of the revolving rooftop beacons on the bracketing cut-shale walls. Now and then, the siren shrieked to clear traffic ahead, and he felt the urge to scream with it, to let loose a wail of terror and anguish and confusion and loss. "All right," Celestina said, "yes, of course." She could see no harm in humoring Phimie. "Angel. Angel White. Now, you calm down, you relax, don't stress yourself."
