In his smooth whiteness, Junior felt a pressure on his eyes, and then came visual hallucinations, disturbing his deep inner peace. He felt someone peel up his eyelids, and Bob Chicane's worried face-with the sharp features of a fox, curly black hair, and a walrus mustache-was inches from his..Judging by the smeariness of the letters and by the fact that some had run before they dried, the writing instrument hadn't been a felt-tip marker, as Vanadium first thought. A spattering of red droplets on the closed lid of the toilet and across the beige marble floor, all dry now, gave rise to a suspicion..With a portion of his profits from Tammy Bean's stock picks, Junior had bought a second painting by Sklent. Titled In the Baby's Brain Lies the Parasite of Doom, Version 6, it was so exquisitely repellent that the artist's genius could not be in doubt.. "My scar," he confessed, "is inexperience. For a man my age, Agnes, I'm in some ways unbelievably innocent. I wouldn't trade

the years with Perri for anything or anyone, but intense as it was, our love didn't include ... Well, I mean, you may find me inadequate." As Wally followed them inside, Celestina grinned at him. "From the car to the living room, all as neat as a well-practiced ballet. We've got a big headstart on this married thing." The bandaged man stormed up from the ruin of the living room, gauze fluttering around his lips as his hard exhalations seemed to prove that he wasn't a long-dead pharaoh reanimated to punish some heedless archaeologist who had ignored all warnings and violated his tomb. So this wasn't a *Weird Tales* moment. "Brush your teeth, too," Celestina said, leaning against the jamb in the open doorway. To Perri's bed, a journey of only a few steps, but farther than unwanted Rome. The carpet seeming to pull at his feet, to suck like mud under his shoes. The air as thick as liquid in his resistant to his progress. Thrilled to have inspired this awe in her, he closed the book. "Remember what we talked about a long time ago? You asked me how come, if I could walk where the rain wasn't. . . ." Saturday morning, Paul made himself useful by assisting Grace with food preparation and by setting out the plates, flatware, and glasses on the dining-room sideboard. The wedding reception—big, noisy, and joyous—spread across the three properties without fences. His mother's name was so often mentioned, her presence so strongly felt in all the lives that she had touched, that sometimes it seemed that she was actually there with them. Rico, her own husband—a drunkard and a gambler—had run off with another woman, abandoning Maria and their two small daughters. No doubt, he had departed in a spotlessly clean, sharply pressed, perfectly mended ensemble. If they were suspicious of him, they showed no obvious alarm. The three went inside in no particular rush, and judging by their demeanor, Junior decided that they hadn't spotted him, after all. To see his newborn baby girl, Barty shared the sight of other Bartys, and he so adored this little wrinkled Mary that he sustained his vision all day, until a thunderous migraine became too much to bear and a sudden frightening slurring of speech drove him back to the comfort of blindness. Highly impressed by the spot-on hyena scream with which Frieda had purged herself of the childhood emotional trauma inflicted by an authoritarian grandmother, Junior asked her to go out with him. She slept for a while, waking to a prayer spoken softly but fervently in Spanish. "You can't take much of anything by mouth for a few hours yet," said the nurse. "Nausea is too great a risk. Retching might start you hemorrhaging again." The expectation with which Tom had been greeted on his arrival was as thin as the air at Himalayan heights compared to the rich stew of anticipation now aboil. Later, at home, after Agnes sent Edom back to his apartment, she opened a bottle of vodka that she had bought on the way back from Maria's. She mixed it with orange juice in a waterglass. He pushed back the bedclothes and sat up, leaning against the pillows and headboard. "This is maybe a hard thing for you to do, but it's really important." From the plush pillowy shadows of the bed, Barty said, "Oh, look. Christmas lights." When Max answered, Vanadium let out his breath in a whoosh of relief and began talking on the inhalation: "It's me, Tom, and maybe I've just got a bad case of the heebie-jeebies, but there's something I think you better do, and you better do it right now." Nevertheless, being cautious even as he seized the day—or the night, in this case—he parked a short distance from his destination, on a parallel street. He walked the last three blocks. The customers were in a mood, most of them grumbling about their ailments. Others complained about the dreary weather, the increasing number of kids zooming along sidewalks on these damn new skateboards, the recent tax increases, and the New York Jets paying Joe Namath the kingly sum of \$427,000 a year to play football, which some saw as a sign that the country was money-crazy and going to Hell. Saturday and Sunday, between sessions with the directory, Junior cruised around the county on a series of pleasure drives—testing the theory that the maniac cop was no longer following him. Apparently, Simon Magusson was correct: The case had been closed. Ever since he'd searched Vanadium's house, over fourteen months ago, Junior had enjoyed learning about other people by touring their homes in their absence. Because he was unwilling to risk arrest for breaking and entering, these explorations were rare, other than in the homes of women whom he'd dated long enough to justify swapping keys. Happily, in this golden age of trust and easy relationships, as little as a week of hot sex could lead to key-level commitment. She knew that the front door was locked, too, because Wally had waited to hear the deadbolts clack shut. Nevertheless, she stepped into the hall, where the light wasn't on, walked quickly past Angel's bedroom, came to the entrance to the lamplit living room—and saw a man backing through the open front door, dragging something, dragging a dark and large and heavy rumpled something, dragging a. They could be patient. Their self-denial and sweet anticipation ensured that their lovemaking, when at last they were able safely to indulge, would be shattering in its intensity, like the coupling of mortals raised to the status of demigods by virtue of their passion, its power and purity. Embarrassed, Kathleen stopped singing, but to the other woman, Nolly said, "It is a lovely voice, isn't it? Haunting, I think." Earlier, he had placed an open fifth of vodka on the table, in front of Victoria. The nurse, no longer in the chair, sprawled on the floor as if she had emptied another bottle before this one. She found the switch and clicked off the lamp again. "Good-night, young prince." Agnes drew him into her arms and lifted him off the desk and embraced him tightly, with his head on her shoulder and his face nestled against her neck, as she'd held him when he was a baby. Paul knelt on one knee beside her wheelchair. "This momentous day, Agnes. This momentous day, with all of its beginnings. Hmmm?" "Apple juice, lime Jell-O, and four soda crackers," said the detective. "If you don't have enough of a conscience to make you confess. Although a cold current crackled along the cable of her spine, Agnes smiled at the card. She was determined to change the dark mood that had descended over them. He said, "There's a whiteness in Barty's right pupil ... which I think indicates a growth. The distortions in his vision are still there, though somewhat different, when he closes his right eye, so that indicates a problem in the left, as well, even though I'm not able to see anything there. Dr. Chan has a full schedule tomorrow, but as a favor to me, he's going to see you before his usual office hours, first thing in the morning. You'll have to start out early." As she turned away from him and continued along the hall toward the kitchen, Agnes said, "They'll be as good as new when she's mended them." This momentous day, he thought, and he shook with sudden terror at the inevitability of new beginnings. Tom Vanadium liked this man at once. Cop instinct told him that Damascus was honest and reliable. Priestly insight suggested even more impressive qualities. To prove himself, he read a little of Dickens when she requested it, a passage from *Great Expectations*. Then a passage from Twain. "Tom, a couple minutes ago," Agnes said, "Celestina mentioned your. . . 'certain awareness.' Which is what exactly?". LATE TUESDAY AFTERNOON in Bright Beach, as a darker blue and iridescent tide rolled across the sky, seagulls rowed toward their safe harbors, and on the land below, shadows that had been upright at work all day now stretched out, recumbent, preparing for the night. The problem was Celestina in the Buick, because when she saw what was happening, she might slide behind the steering wheel and speed away. The engine was running, white plumage rising from the tailpipe and feathering away in the fog, so she might escape if she was a quick thinker. She dealt with them equally, too, favoring neither—except in the matter of pie delivery. On those rare occasions when she could not make these rounds herself and when she had no one to

Kathleen could have sat in the second; however, this seemed to be a more appropriate pose for a hawkshaw's dame. Not that she was trying to look cheap; she was thinking Myrna Loy as Nora Charles in *The Thin Man*-worldly but elegant, tough but amused..The missing paintings. The missing collection of Zedd's books. You didn't take these things with you for a weekend in Reno. You took them if you thought you might never be coming back..If Junior had realized that they were driving only a block and a half, he wouldn't have followed them in the Mercedes. He would have gone the rest of the way on foot. When he pulled to the curb again, a few car lengths behind the Buick, he wondered if he had been spotted..He stared I out at the congregated ghosts of fog, white multitudes that entirely obscured the bay, as if all the sailors ever lost at sea had gathered here, pressing at the window, eyeless forms that nevertheless saw everything..Although Dr. Lipscomb spoke almost as softly as the long-winded pianist, and though the physician's narrow face was homely and devoid of any trace of violent temperament, Neddy Gnathic flinched from him and retreated across the threshold, into the hallway..Agnes at last relented. Junior had been waiting at the doors when the library opened, and thus far he'd encountered no other patrons..Hisscus, Nork, and Knacker exchanged sharp glances, nonplussed. Finally, one of them said, "We couldn't do that, Mr. Cain. Not until you've consulted an attorney..".Channeling his beautiful rage, Junior hefted the corpse onto the windowsill, and shoved it headfirst into the alley. "My patient is in a fragile state. He mustn't be agitated, Detective. I really don't want you questioning him until tomorrow at the earliest..".Everyone agreed, and the order was placed when their waiter brought appetizers: crab cakes for Nolly, scampi for Kathleen, and calamari for Tom..Too much clatter, drawing attention. Indeed, laughter had seemed disrespectful to the memories of Victoria Bressler and Naomi, and Vanadium had been torn between a desire to hear more and a feeling that finding any amusement value in a man like Cain would leave a stain on the soul that no amount of penance could scrub away..The dear man cried and kissed her scars and told her that she was as beautiful as any woman alive. A passing motorist had found him lying along the highway near the lake, soaked and muddy. Junior was aware of their hot gazes, their need, and he knew that he could have any of them..He was a virile young man, desired by many, and life was short. Poor Naomi, her lovely face and her look of shock still fresh in his memory, was a constant reminder of how suddenly the end could come. No one was guaranteed tomorrow. Seize the day..able to reconcile these opposed forces, she was all but paralyzed by indecision..By nature, she was unable to hold fast to resentment, couldn't nurture a grudge, and was incapable of vengeance.
