Wizards are used to overweening confidence in the young of their kind. They expect modesty to come later, if at all. "I said Roke," Hemlock said in a tone that said he was unused to having to repeat himself. And then, because this boy, this soft-headed, spoiled, moony boy had endeared himself to Hemlock by his uncomplaining patience, he took pity on him and said, "You should either go to Roke or find a wizard to teach you what you need. Of course you need what I can teach you. You need the names. The art begins and ends in naming. But that's not your gift. You have a poor memory for words. You must train it diligently. However, it's clear that you do have capacities, and that they need cultivation and discipline, which another man can give you better than I can." So does modesty breed modesty, sometimes, even in unlikely places. "Mistress," said a voice at the door, and she thought it was the curer and said, "Just a minute while I finish this," and then turning saw a stranger and nearly dropped the pan. "Oh, you startled me!" she said. "What can I do for you, then?" "I guess he did. Another curer came up this way, a fellow that's been by here before. Doesn't amount to much that I can see. And they lose their tempers, and they did some black spells, maybe. I guess Otak did. But he did no harm to the man at all, but fell down in a swoon himself. And now he doesn't remember any more about it, while the other man walked away unhurt. And they say every beast he touched is standing yet, and hale. Ten days he spent out there in the wind and the rain, touching the beasts and healing them. And you know what the cattleman gave him? Six pennies! Can you wonder he was a little rageous? But I don't say..." She checked herself and then went on, "I don't say he's not a bit strange, sometimes. The way witches and sorcerers are, I guess. Maybe they have to be, dealing

with such powers and evils as they do. But he is a true man, and kind." He left her at the corner of the street, a narrow, dull, somehow sly-looking street that slanted up between featureless walls to a wooden door in a higher wall. He had put his spell on her, and she looked like a man, though she did not feel like one. She and Ivory took each other in their arms, because after all they had been friends, companions, and he had done all this for her. "Courage!" he said, and let her go. She walked up the street and stood before the door. She looked back then, but he was gone. It was their mage Ogion whom the people saw stand alone on the roof of the signal tower on the hill. There were other people on the hill, he saw now, many others, men and women, children, living and dead. The Patterner came forward and took her hands in his. His hands were warm, and she felt so. Farms and wineries and cooperage and cartage and all, while he enjoyed his wealth. He married the Men chose the yoke. The Kargs are deeply resistant to writing of any kind, considering it to be sorcerous and wicked. His own wits, which seldom let him down if he was given a fair chance to use them. The girl asked. Irioth's head drooped as if in utter weariness. All tension and passion had gone out of his body. And we were at it when the old men came in! I showed 'em! And if I could have got you in, I'd have. Island." was years ago, years ago, in the sunlight. It was raining. He had fed the chickens, and come back. would not set his burden down on the load, but clambered into the cart holding her, and held her nearby. He did not know what Ember wanted of him; he hoped she meant to teach him, to begin to. A flicker of complacency showed in Otters tired, battered young face. "No," he said. "I don't. parents, and go to the Great Port, or to Roke. Half your year's fee, which I'll return to you, ready to bury him. And then, by his grave, his eyes opened. He moved, and spoke. He said, "I have. because of what he did and could do. He was an uncanny brat, as they say. He had powers. He could." "She's going there, to the wall, and I can't go with her," she said. "She's going alone and I. The tall woman smiled a little. "My sister has never taught a man before" she said. She glanced at him, and gazed away, over the summery fields. "She's never looked at a man before," she said. "Well, he ran out. Or. . he could always lie."
