After carefully wiping her fingers on a paper napkin, Maria examined the garments with interest. She carried her living as the seamstress at Bright Beach Dry Cleaners. At the sight of each rent, popped button, and split seam she clucked her tongue..Taking her silence for assent, Tom continued: "Your father is gone from here, gone forever, but he still lives in other worlds. This isn't a statement of faith alone. If Albert Einstein were still alive and standing here, he'd tell you that it's true. Your father is with you in many places, and so is Phimie. In many places, she didn't die in childbirth. In some worlds, she was never raped, her life never blighted. But there's an irony in that, isn't there? Because in those worlds, Angel doesn't exist-yet Angel is a miracle and a blessing." He looked up from the city to the woman. "So when you're lying in bed tonight, kept awake by grief, don't think just about what you've lost with your father and Phimie. Think about what you have in this world that you've never known in some others-Angel. Whether God's a Catholic, a Baptist, a Jew, a Muslim, or a quantum mechanic, He gives us compensation for our pain, compensation right here in this world,

not just in those parallel to it and not just in some afterlife. Always compensation for the pain ... if we recognize it when we see it." Missing windshield. Considering that the space was pinched by the crumpled roof, however, and in light of Agnes's pregnancy and imminent second-stage labor, the severe contortions involved in this extraction would be too dangerous. Without excellence, of course, there would be no civilization, no progress, no joy; and Agnes was surprised that this sharp bur of her father's philosophy had stuck deep in her subconscious, prickling and worrying her unnecessarily. She'd thought that she was entirely clean of his influence. "Well, actually, I owe Phimie. It's what she said between her two deaths on the delivery table that's changed my life." Looking up at the mirror above the sink, he saw reflected not the self-improved and fully realized man that he'd worked so hard to become, but the pale, round-eyed little boy who had hidden from his mother when she had been in the deepest and darkest end of one of her cocaine-assisted, amphetamine-spiced mood swings, before she traded cold reality for the warm coziness of the asylum. As if some whirlpool of time was spinning him backward into the hateful past, Junior felt his hard-won defenses being stripped away. "Not really. I love you, Mommy." He yawned and dropped into sleep with a quickness that always amazed her. And then everything changed in one stunning moment. Changed profoundly and forever. Leaving his tortured voice as best he could with shock and hurt, as though deeply wounded by the need to speak these words, Junior Cain said, "You ... you think I killed her, don't you? That's crazy." The strand was inclined toward the lake. He closed the door and got out of the way as the Studebaker rolled forward, gathering speed. "May 14, 1845, in Canton, China, a theater fire killed sixteen hundred seventy. On December 8, 1863, a fire in the Church of La Compana, in Santiago, Chile, left two thousand five hundred and one dead. One hundred fifty perished in a fire at a Paris charity bazaar: May 4, 1897. June 30, 1900, a dock fire in Hoboken, New Jersey, killed three hundred twenty-six. . .". Switching on the windshield wipers, Joey said, "That's the first time I've ever heard you admit that either of your brothers is odd." Bracing her feet against the floorboards, clutching the seat with her left hand, fiercely gripping the door handle with her right, she prayed, prayed that the baby would be all right, that she would live at least long enough to bring her child into this wonderful world, into this grand creation of endless and exquisite beauty, whether she herself lived past the birth or not. EACH MOMENTOUS DAY, the work was done in memory of his mother. At Pie Lady Services, always, they sought new recipes and new ways to brighten the corner where they were. "Besides, I still live by my vows as much as possible, though I've had the longest continuing dispensation on record." A smile on that cracked countenance could be touching, but an ironic look now worked less well; it gave Kathleen a chill. "Vanity is a sin I've more easily been able to avoid than some others." Widening his eyes in calculated surprise, Junior said, "Are you a police officer?" Focus, Caesar Zedd teaches, is the sole quality that separates millionaires from the flea-ridden, sore-pocked, urine-soaked winos who live in cardboard boxes and discuss vintages of Ripple with their pet rats. Millionaires have it, winos don't. Likewise, nothing but the ability to focus separates an Olympic athlete from a cripple who lost his legs in a car wreck. The athlete has focus, and the cripple doesn't. After all, Zedd notes, if the cripple had it, he would have been a better driver, an Olympic athlete, and a millionaire. She dealt with them equally, too, favoring neither-except in the matter of pie delivery. On those rare occasions when she could not make these rounds herself and when she had no one to turn to but a brother, Agnes always asked for Edom's help. "There's nothing here for you," she said, stepping back from the door in order to close it. He pointed at his feet. "Toes, toes, toes, toes, toes, toes, toes, toes, toes." Celestina stared curiously at Tom Vanadium. She had witnessed the effect of vanishment, though she hadn't actually seen the coin disappear in midair. Yet she seemed to sense either that something more than sleight of hand had just transpired or that the trick had a meaning she'd missed. Agnes thought crazily of their early dates and the first years of their marriage. They had occasionally gone to the drive-in, sitting close. Edom drove, happy to assist Agnes. He was happier still that he didn't have to make the pie deliveries alone. "What car?" Celestina asked, stopping at the bottom of the steps and turning to look. He didn't rely, either, on a sixth sense to detect obstacles or open spaces, which some blind people claimed to have. Sometimes instinct told him that in his path was an object that ordinarily would not have been there; but as often as not, it went undetected, and unless he was using his cane, he tripped over it. The sixth sense was greatly overrated. Move, move, like a runaway train, leaving the dead nuns--or at least one dead musician--far behind. He knocked the pepper shaker on its side, and then with a groan put it upright once more. Suddenly remembering the doctor's assurance to Neddy that they would be out of this building by week's end, Celestina said, "But we've nowhere to go." He stabbed Prosser, however, merely to relieve his frustration and to enliven the dull routine of a life made dreary by the tedious Bartholomew hunt and by loveless sex. In return for more excitement, he'd assumed greater risk, to mitigate risk, he must have insurance. At a gun shop, Junior purchased two hundred rounds of ammunition. Later, that many cartridges seemed excessive to him. Later still, he purchased another two hundred. With all twelve fragments destroyed, the curse should have been lifted from little Bartholomew: the threat of the unknown, violent enemy who was represented by the four knaves. Somewhere in the world, an evil man existed who would one day have killed Barty, but now his journey through life would take him elsewhere. Eleven saints had been given twelve shares of responsibility for lifting this curse. The afternoon was winding down, and the lowering sky seemed to be drawn steadily toward the earth by threads of gray light that reeled westward, ever faster, over the horizon's spool. The air smelled like rain waiting to happen. Thunder less distant now. Around her--the crackle of police radios, the clang of tools being readied, the skirl of a stiffening wind. Dizzying, these sounds. She couldn't shut her ears against them, and when she closed her eyes, she felt as though she were spinning. Whether making love or killing, he was never guided by bigotry. A private little joke with himself. But true. Round one hit Ichabod in the left thigh, because Junior fired while bringing the weapon up from his side, but the next two were solid torso scores. This was not bad for an amateur, even if the distance to target was nearly short enough to define their encounter as hand-to-hand combat, and Junior decided that if the deformation of his left foot hadn't prevented him from fighting in Vietnam, he would have acquitted himself exceptionally well in the war. Fear clotted in Junior's veins, and he stood like an impacted embolism in the busy flow of pedestrians, certain that he himself would at any moment succumb to a stroke. In the front wall of the living room, where once had been a fine bay window, the parsonage lay open to the sunny day. Tom shrubbery, carried in from outside, marked the path of destruction. In the very middle of the room, plowed against a toppled sofa and a thick drift of broken furniture, a battered red Pontiac sagged to the left on broken springs and blown tires. A portion of the crazed windshield quivered and collapsed inward, while plumes of steam hissed from under the buckled hood. Indeed, he would get through the rest of 1965 without resorting to another homicide. The nonfatal shooting in September would be regrettable, quite messy, painful-but necessary, and calculated to do as little damage as possible. Celestina was better equipped to embrace this transcendental experience for what it appeared to be. She was not one of those artists who celebrated chaos and

disorder, or who found inspiration in pessimism and despair. Wherever her eyes came to rest, she saw order, purpose, exquisite design, and either the pale flicker or the fierce blaze of a humbling beauty. She perceived the uncanny not merely in old houses where ghosts were said to roam or in eerie experiences like the one Lipscomb had described, but every day in the pattern of a tree's branches, in the rapturous play of a dog with a tennis ball, in the white whirling currents of a snowstorm-in every aspect of the natural world in which insoluble mystery was as fundamental a component as light and darkness, as matter and energy, as time and space..For eight months following that night, until late September of 1965, Vanadium had been in a coma, and his doctors had not expected him to regain consciousness. A passing motorist had found him lying along the highway near the lake, soaked and muddy. When, after his long sleep, he awakened in the hospital, withered and weak, he'd had no memory of anything after walking into Victoria's kitchen-except a vague, dreamlike recollection of swimming up from a sinking car..Such quiet filled the house that Agnes couldn't hear even the murmuring miseries of the past..Paul was nearest to that corner when he halted Grace in her rush toward certain death. Before he quite realized what he was doing, he found that he'd flung open the door and climbed half the single long flight of steps, as surefooted as Doc Savage or the Saint, or the Whistler, or any of the other pulp-fiction heroes whose exploits had for so long been his adventures by proxy..The window gave way an instant before Celestina squeezed off the shot. The man dropped out of sight. She didn't know if she had scored a hit..Parkhurst said, "We've eliminated most other possible causes. You don't have acute myelitis or meningitis. Or anemia of the brain. No concussion. You don't have other symptoms of Meniere's disease. Tomorrow, we'll conduct some tests for possible brain tumor or lesion, but I'm confident that's not the explanation, either.".The decision had already been made that Grace would move in with Celestina and then-following the wedding-with Celestina and Wally. In Spruce Hills, she had dear friends whom she would miss, but there was nothing else in Oregon to draw her back, other than the narrow plot beside Harrison, where she expected eventually to be buried. The parsonage fire had destroyed all her personal effects and every family treasure from Celestina's grade-school spelling-bee medals to the last precious photograph. She wanted only to be close to her one remaining daughter and her granddaughter, to be part of the new life that they would build with Wally Lipscomb..Now, here, lying on a bed in the emergency room of a Sacramento hospital, on a Saturday afternoon only six weeks before the camellia festival, Junior suffered under the care of a resident physician who was so young as to raise the suspicion that he was merely playing doctor..Junior in the fog. Trying oh-so-hard to live in the future, where the winners live. But being relentlessly sucked back into the useless past by memory.. "I don't know anyone named Bartholomew." He decided that the truth, in this instance, could not harm him..This is a tale of those times. Some of it is taken from the Book of the Dark, and some comes from Havnor, from the upland farms of Onn and the woodlands of Faliern. A story may be pieced together from such scraps and fragments, and though it will be an airy quilt, half made of hearsay and half of guesswork, yet it may be true enough. It's a tale of the Founding of Roke, and if the Masters of Roke say it didn't happen so, let them tell us how it happened otherwise. For a cloud hangs over the time when Roke first became the Isle of the Wise, and it may be that the wise men put it there..Instead of staring at Barty directly, he watched Angel as she studied the eyeless boy. She had exhibited no horror at the concave slackness of his closed lids, and when one lid fluttered up to reveal the dark hollow socket, she hadn't shown any revulsion. Now she moved closer to Barty's chair, and when she touched his cheek, just below his missing left eye, the boy didn't flinch in surprise..Leaning across the front seat, he lowered the passenger's window six inches. Then he lowered the driver's-side window an equal distance..The gas oven might blow up in his face, at last bringing him peace, but if it didn't, he would at least have cookies for Agnes..Barty had awakened able to read. On the page, lines of type no longer twisted under his gaze.
